

TO INFINITY AND BEYOND!

UPCOMING EVENTS!

TERM 2

● MONDAY 27 MAY ●

RIMU

SPACEWARD
BOUND.NZ

Due to an overwhelming response we are "Go For Launch...!" Thank you!

On Monday 27 May the Spaceward Bound Space Dome will be visiting Team Rimu. This is a one-of-a-kind portable planetarium experience providing hands-on immersive experiences. This will include visiting their planetarium, exploring the mini Mars Rovers as well as viewing a unique collection of Astrobiology-relevant rocks. Classes across our Rimu Syndicate will take turns visiting the exhibit throughout the day. We are so excited about this opportunity for our students!

Space Place
At Carter Observatory

At Space Place, stories of our skies will be shared through multimedia exhibits, interactive galleries, the historic Cooke telescope and their digital planetarium. At Space Place we will learn about planets, stars, constellations and galaxies and New Zealand's contribution to astronomy and space sciences.

Our visits are booked for:

Monday 29 July (Room 20)

Monday 5 August (Room 21)

Thursday 8 August (Room 18)

Friday 9 August (Room 17)

Monday 12 August (Room 16)

We would appreciate your donation of \$40 to cover the costs of these two learning experiences. This can be paid directly via HERO before Friday 24th May. Thank you so much for all our wonderful offers of parent help. Classroom teachers will contact you directly to confirm arrangements.
